These details are then available on the ICO's website. Academies also have a duty to issue a Privacy Notice to all students/parents, this summarises the information held on students, why it is held and the other parties to whom it may be passed on.

Appendix 1

Chiltern Way Academy

Procedures for responding to subject access requests made under the General Data Protection Regulations

Rights of access to information

Under the General Data Protection Regulations (GDPR) any individual has the right to make a request to access the personal information held about them and confirmation that their personal data is being processed as well as other information as described in Article 15 of the GDPR

Subject Access Request Actions

1. Requests for information must be made in writing; which includes email, and be addressed to the Academy CEO. If the initial request does not clearly identify the information required, then further enquiries will be made.

2. The identity of the requestor must be established before the disclosure of any information, and checks should also be carried out regarding proof of relationship to the child. Evidence of identity can be established by requesting production of:

- Passport.
- Driving licence.
- Utility bills with the current address.
- Birth / marriage certificate.
- P45/p60.
- Credit Card or Mortgage statement.

This list is representative not exhaustive.

3. Any individual has the right of access to information held about them. However with children, this is dependent upon their capacity to understand (UK minimum age is 13) and the nature of the request. The Head of Campus should discuss the request with the child and take their views into account when making a decision. A child with competency to understand can refuse to consent to the request for their records. Where the child is not deemed to be competent an individual with parental responsibility or carer shall make the decision on behalf of the child.

4. The Academy may make a charge for the provision of information, dependent upon the following:

Should the Academy believe a request is manifestly unfounded or excessive, particularly if it is repetitive.

Should it be a request for further copies of the same information from the same requester.

5. When responding to subject access request the Academy will provide the Information without delay and at the latest within one month of receipt.

The Academy will be able to extend the period of compliance by a further two months where requests are complex or numerous. If this is the case, the Academy will inform the individual within one month of the receipt of the request and explain why the extension is necessary.

6. The General Data Protection Regulation allows exemptions as to the provision of some information; **therefore all information will be reviewed prior to disclosure.**

7. Third party information is that which has been provided by another, such as the Police, Local Authority, Health Care professional or another school. Before disclosing third party information consent will normally be obtained. There is still a need to adhere to the statutory timescale.

8. Any information which may cause serious harm to the physical or mental health or emotional condition of the student or another will not be disclosed, nor will information that would reveal that the child is at risk of abuse, or information relating to court proceedings.

9. If there are concerns over the disclosure of information then additional advice will be sought.

10. Where redaction (information blacked out/removed) has taken place then a full copy of the information provided will be retained in order to establish, if a complaint is made, what was redacted and why.

11. Information disclosed will be clear, thus any codes or technical terms will need to be clarified and explained. If information contained within the disclosure is difficult to read or illegible, then it should be retyped.

12. Information can be provided at the Academy with a member of staff on hand to help and explain matters if requested, or provided at face to face handover. The views of the applicant will be taken into account when considering the method of delivery. If postal systems have to be used then registered/recorded mail must be used.

Complaints

Complaints about the above procedures should be made to the Data Protection Officer who will decide whether it is appropriate for the complaint to be dealt with in accordance with the Academy's complaint procedure.

Complaints which are not appropriate to be dealt with through the Academy's complaint procedure can be dealt with by the Information Commissioner. Contact details of both will be provided with the disclosure information.
